

Neurographic Art Workshop

Liliane Pilot

August 25, 2024

1:00 P.M. Unity El Paso Fellowship Hall

1420 Alabama

Liliane Pilot is a Practitioner for the Center for Spiritual Living in Las Cruces. Originally from Canada, Liliane is a talented singer, songwriter and artist. She is also a restorative sound and music practitioner. Liliane will be conducting an introductory workshop to Neurographic Art on April 21, 2024 in our Fellowship Hall at 1:00 p.m. Neurographic Art was developed in 2014 by Russian psychologist, artist, and architect, Dr. Pavel Piscarev. This is a wonderful and intuitive tool for assisting with goal setting, affirmations and making personal positive changes. It allows for the growth of new neural pathways while de-emphasizing others. And best of all you get to doodle. This Workshop is free to attend.
